For the Teacher

Thank you for purchasing my Easter Activities packet. I hope that you and your students will find these engaging, learning-filled activities to be a fun way to celebrate this special spring holiday!

In this packet you will find:

- An Easter themed bingo game with words related to the holiday. There are four separate versions of the bingo mats so everyone doesn't get "BINGO!" at once.
- A full set of calling cards for the bingo game.
- The bingo game can be copied onto regular paper or onto card stock and laminated if you wish for more durable, long-lasting wear.
- Bingo boards can be duplicated to create a memory ("concentration") or matching game. Simply make two copies of the same bingo board, cut out the squares, and you have a ready-to-go game!
- A fun word search using fifteen of the words from the bingo game, including a word bank.
- A word scramble activity using eight of the Easter words. Two versions are included: one with a word bank, one without.
- Answer keys for all.
- An Easter egg coloring page.
- An Easter picture drawing page.
- An activity page in which students draw and label six items they hope to find in their Easter basket
- Several decorative Easter themed papers, in both lined and unlined versions for all kinds of writing projects of your choice.
- A gray scale copy of all pages.
